

EARLY HEAD START • HEAD START • HEAD START / GSRP

VIRTUAL LEARNING PLATFORM

NOW ENROLLING

Do you want to keep your child connected to others and learning safely during a period of critical development?

Community Action is offering a virtual learning platform for Early Head Start, Head Start, and Head Start/GSRP students. This program option provides comprehensive services for your child and family.

The benefits for your child:

- Establishing a regular school routine
- Socializing virtually with other children and parents
- Hands on learning opportunities that can be extended at home with household items
- Interactive story times, music, and movement
- Building their vocabulary
- Support to the whole family during a high stress time

It is flexible to meet your schedule.

- Virtual classroom sessions are offered 3 days a week
- Sessions are child friendly – 30 to 45 minutes
- Choose the time of day that works best for you- there will be 3 different times offered on each day for a total of 9 offerings per week
- Enjoy a learning video with your child when you have free time together- any time of day or night

What's included?

- Technology- tablet and air card, if needed
- Nutritious food- 8 servings of breakfast and snacks provided every two weeks
- Educational activities, including free materials for hands on learning and information to support your child's learning at home
- Support accessing community resources
- Access to on demand high quality learning videos on YouTube
